## **Your business has been named Brisbane's best pet sitter, what was your initial reaction?**

I was thrilled by this achievement. I have worked really hard to build my small business to get it to where it is today and it's an amazing honour to be named Brisbane's best pet sitter.

## **What sets your business apart from the competition?**

I go above and beyond for my clients and their pets. My clients know they can always count on me. I care very much for the pets and their humans. Sometimes it's the little things, like when I drop in for a midday visit and bring their food deliveries in and put it in the fridge for them so it doesn't stay out in the hot weather all day while they are away at work. Other times it can be more important, like going back to a client's home at 9PM to stay an extra night to care for their dog when their flight has been cancelled at the last minute and they weren't able to come home as planned.

## **What would you like Brisbane to know about you?**

I left my corporate job a few years ago and now I get to live my dream of having my own business. My passion for pets made the decision to become a professional, reliable and dedicated pet sitter and dog walker easy. Last year, I decided to expand my services by

opening up a dog grooming salon with another pet sitter who is also my best friend (Home & Away Pet Sitting and Concierge Service). Sharon and I manage [PupperCuts dog grooming salon](#) in Shailer Park.

### **What would you like to say to the fans who voted for you?**

I know we all have hectic schedules and can be time poor. I really appreciate everyone who took the time out of their busy day to vote for me. I am very grateful to have my clients supporting my small business.

### **What exciting things do you have planned for the business in the next six months?**

I will continue to provide the best care for my client's pets. I will be working on my dog treat business, Healthy Pup. [Healthy Pup offers a la carte dog treats](#) as well as a monthly delivery subscription service. It's important for pets to eat healthy food and treats in order to minimise health issues. I want everyone's pets to have a happy and healthy life.
